

Colchester Ramblers' Association Group Ramble Available for Leading culled from Jessie's Escort Series by Mapiog. Contact Ramble Sec. and do it: first come basis

Brightlingsea B1029 verge near Brightlingsea Hall. Proceed on verge towards Brightlingsea to use path left found before Samson Road junction. It leads down to woodland corner, flicks left to get creekside and finishes against the B1029 dangerous road bend. Cautiously get around to the path on northern bank of same stream and trace paths with some unsound stiles by the Crocky Grove junction, and join a track by a byre. The track forks. Stay seaward, hedge on left for two more field then fork right as waymarked. Gain a footing on Flag Creek's seawall going right with The Abounding Edge of Essex route, to its Marsh Farm end. Descend going right through a gate, and immediately flick left uphill to share Marsh Farm's drive to Red Barn Road. Employ the footway, again ignoring Samson Road, this time in favour of Bateman Road and regain the B1029 footway to its next bend right. Go straight ahead on the pathway, taking the first right option towards Brightlingsea's taller Church. **TM 079 187**
